The Association for the Protection of Rural Metchosin is hosting a general meeting on Wednesday, featuring a guest speaker:

**Opening up the Official Community Plan:  
A Perspective on the North Saanich Experience (...and what Metchosin might learn).  
Featuring Paige Gibson of the North Saanich Residents' Association (NSRA)**

This is a timely topic for Metchosin as there's been discussion at our District Council about possibly opening up our own OCP for a full review following the next election. We're glad to have get a perspective on North Saanich's process. There have been numerous stories in local media about their review, particularly about new urban density and development being put into a draft of the plan despite public opposition to the addition.

In addition, we currently have one business item, which is approving the minutes of the 2021 Annual General Meeting. You can find the minutes by [clicking this link](#).
